

Welcome to the Build A Pool-ILM Neighborhood Petition Sign Up Page

Wilmington desperately needs a Class A aquatics facility. If the right kind of complex is built, there will be multiple swimming opportunities offered to serve the entire community.

The best way to acquire this facility is by getting your neighbors to sign the Build A Pool-ILM petition now. The purpose of this petition is to show local leaders there is positive and serious interest in building a quality pool.

Our petition signers **MUST BE** Wilmington-New Hanover County registered voters.

The Build A Pool-ILM Committee has the tools for you to be a successful signature collector. As such, we will provide you with a Build A Pool-ILM Petition yard sign (pictured below) as well as with blank signature forms. By displaying this sign in your yard we seek to create awareness of this effort and develop community interest in a worthwhile cause. We look forward to having your neighbors sign the Build A Pool-ILM petition!

If you are interested in helping to collect signatures, please send an email to buildapoolILM@gmail.com with your name and contact info. We will be in touch with you very soon afterwards.

Thank you for your support!

Aquatically yours,

-Rick Bober

-Celia Wolff
